DESCRIPTION/OPTIONS: Here’s an opportunity you don’t see every day. This 2023 Ford F-150 Raptor R is the real deal — Ford’s supercharged V8 Raptor and one of the most sought-after performance trucks on the market. The Raptor R was produced in very limited numbers, making clean, well-documented examples increasingly difficult to find. This one checks the boxes collectors and enthusiasts look for: • ONE OWNER• CLEAN CARFAX• EVERY SERVICE RECORD SINCE NEW• Extremely well documented• Genuine Raptor R• 5.2L Supercharged V8• 700 Horsepower• 10-Speed Automatic Transmission• High-Performance 4WD• FOX Live Valve Performance Suspension• 37" All-Terrain Tires• Aggressive Raptor R-specific styling and performance upgrades What really separates this truck from many others on the market is its history and documentation. One owner, a clean Carfax, and complete service records from new give the next owner the kind of provenance that is especially important with a rare, high-performance vehicle. The Raptor R is not a regular Raptor. Ford created it as the ultimate version of the F-150 Raptor, pairing serious off-road capability with a supercharged 5.2L V8 producing 700 horsepower. Production has always been limited compared with the standard Raptor, and finding an original-owner example with this level of documentation is even harder. If you’ve been waiting for the right Raptor R, this is one worth taking seriously. 2023 FORD F-150 RAPTOR RONE OWNER • CLEAN CARFAX • FULL SERVICE HISTORY Serious inquiries welcome.
